## // THE STUDY

The Study is a great step in your progress toward the three great loves of a disciple of Jesus Christ.

### MESSAGE NOTES

The weekly message will equip you with one main point and lead you into an action step. There is an area for you to write thoughts, insights, and impactful parts of the message.

### SPEND TIME WITH JESUS

This will help you grow as a believer in Jesus as you develop a practice of reading God's Word. When we spend time with Jesus, we learn to love Him.

There are four reading days each week. Make an appointment with Jesus to read and pray Scripture and then share with others what you are learning. Throughout the year, we challenge you to read through the New Testament together as a Small Group, in your family, or invite friends to read Scripture and share what you are learning.

- > READ THE WORD // Read Scripture.
- > PRAY THE WORD // Thank God for teaching you, express what you have learned, and ask God to help you apply this truth.
- > SHARE THE WORD // Tell someone what you learned.

### SMALL GROUP CUE

A Small Group is an essential gathering of disciples for disciple-making, gospel transformation, and member care. The Small Group Cue is designed to help you explore the Bible, apply truth to your life, and take an intentional step to make disciples who make disciples. It follows a consistent track of Bible discovery, looking into the message text from Sunday morning but pushing it deeper into the heart through discovery and application. Whether you are new to Small Groups or have been in groups for years you will find our Small Group format an exciting way to look at the Bible with others. What is your next step into Biblical community? Email [connect@goodnewsloves.com](mailto:connect@goodnewsloves.com) for more information.

## // SCRIPTURE MEMORY VERSES

Scripture memory is a great disciple-making practice. It provides help in temptation, truth for sharing Jesus with others, strength for our faith, and knowledge of God and His Word. Read the verse several times aloud. Using natural phrases, learn the topic, reference, first phrase and so on. Write the verse. Review frequently throughout the week. A good goal is 1-2 verses per week. Look for and ask the Holy Spirit to reveal opportunities to use the verses in disciple-making, gospel and personal conversations.
