Jesus, purpose and community is what we seek.

YEAR 2022

## Year 2022 achievements

*What we accomplished by the grace of God.*

Upon facing the uncertainty of a season still in lockdown by COVID-19, as a church, we decided it was wisest and more prudent to move forward on the goals which would represent the development and growth of our church this season.

Throughout the year we knew that what our church needed was to strengthen the relationships between its current members and the establishment of our church's culture, and to be able to serve –in a more specific way– the members of our church in every stage of their life.

So, this year we achieved:

1. The official launch day of our church planting through a weekend-long celebration.
2. A growth in volunteers, from being 30 volunteers to closing the year with 68 as our main team.
3. A growth in church attendance, starting this year with 60 attendees and closing 2022 reaching the 112 attendees mark.
4. We organized special events for specific groups from the church.
5. We held meetings for new members where we intentionally introduced them to our culture, vision, and pillars as a church

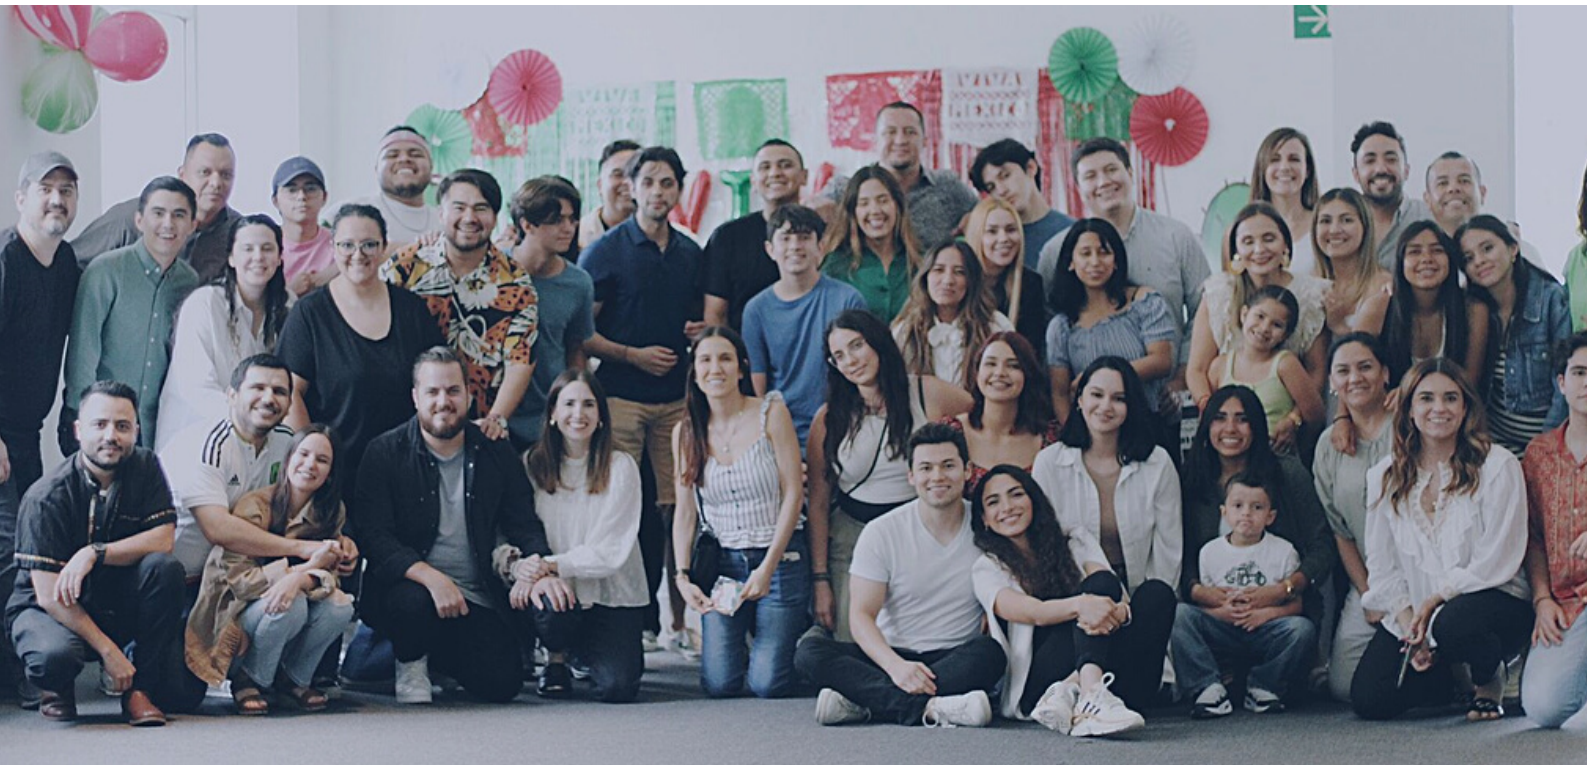

### HIGHLIGHTS

#### 1 - CHURCH'S LAUNCH DATE

#### 2 - EVENTS FOR SPECIFIC CHURCH GROUPS

#### 3 - TEACHING NEW MEMBERS OUR CHURCH'S CULTURE AND VISION

# Testimony

Ángel

Ángel is a young man who came to our church facing several problems in his life. He was struggling with confusion with his sexual identity, he was facing anxiety problems, and he had family problems, specially with his dad who was facing trouble in his marriage.

When he first came to our church, he was a very shy and you could tell the sadness he was feeling by his physical expression.

We talked in a personal way with Ángel several times and helped him to see God's truth throughout the Bible. We visited his family a few times and were present in several conflict situations in which we arrived as an urgent call.

Now, Ángel is serving the Lord with a lot of commitment and passion. He has explicitly recognized that he was confused and acting wrongfully.

Ángel is actually a young guy who has accepted God's identity over his life in a very genuine and real way. Also he has come to a restauration of his problems with his dad, and finally is joyfully serving the Lord every week being a really vivid testimony on how can God change lives with the power of the gospel.

Ángel is an example of a life of prayer and worship to God.

He has applied to a christian bible school in which he is trying to prepare himself to serve God in the ministry.

All of this events happened during this whole year.

# Events

Specific church groups events

This year, with the intention of creating profound and significant relationships, we had the opportunity to make different events for specific church groups.

1. We had Marriage events in which we had a dinner and after that a time of sharing the word of God.
2. We had youth events in which we had a time of games and fun and after those times, we shared the word of God.
3. We had men and women events, in which after the great time we had, we also shared the Word of God.

## Loving our city

Specific church groups events

Since the beginning of the planting of the church, one of the areas that have been of great importance to us has been the area of missions through which we have the opportunity to serve of people in need.

We have had the opportunity to adopt a community in need, which we have been able to serve by contributing in a monthly basis with food pantry bags that contain rice, beans, flour, integral oats, lentils and oil, adding up to an amount of a ton of each in total.

Also, celebrating special occasions with this community we have donated candy bags for children, diapers, strollers and blankets.

## Love without barriers

One of the ways in which we have wanted to establish a global missionary perspective when it comes to loving and serving, it has been that meanwhile we serve the community we adopted, at the same time we extended our support to people in need outside the context of our country.

So this year, we have been supporting in a monthly basis two children from Nigeria for more than six months now, with donations which support their daily meals and a personal follow-up in their teaching of the gospel through a ministry called Metro World Child which is located in New York

*\*For their safety, we're not allowed to show our kids picture*

# Budget

## Budget 1st Year

Planter Salary:	\$20,000
Home Rental:	\$8,700

Other supporters:	

## OUR ASISTENCE

Actually we have 100 people as a average asistence on sundays and we have 68 volunteers as our main team.

### GREETINGS

## Greetings

As a family and as a church, we are deeply thankful to God for giving us the privilege of serving him as a family in the proclamation of the good news, and also, thankful for your generosity and support in helping Central to reach its potential and calling.

We hope that the love and the grace of God bless you!

It is an honor to serve at your side and at the side of the Church of Jesus Christ around the world with the privilege on preaching His gospel.

With love, Gualo and Andrea.

iGO!
